

YOUR NEURO REHABILITATION SOLUTIONS PROVIDER FOR WORKER'S COMPENSATION.

Hope Network Neuro Rehabilitation is dedicated to providing cost-effective, quality rehabilitation services for injured workers who have sustained a catastrophic neurologic injury.

SERVICE CONTINUUM

- Inpatient Transitional Rehabilitation
- Neurobehavioral Rehabilitation
- Day Rehab
- Outpatient Services
- Return to Work Services
- Home & Community-Based Services

COST MANAGEMENT

Before an admission, our interdisciplinary team and your care manager work together to determine treatment structure and identify discharge plans. So, when it's time our patients can experience prompt, smooth transitions to the next level of care – allowing for better outcomes and more cost effective service.

INTERDISCIPLINARY TEAM

Intensive, comprehensive rehabilitation services are structured around functional treatment priorities, identified and supported by an interdisciplinary team including:

- Physical Therapy
- Occupational Therapy
- Speech-Language Pathology
- Social Work
- Neuropsychology
- Neurobehavioral Therapy
- Therapeutic Recreation
- Vocational Therapy

For more details or to schedule a patient assessment contact our Admissions Team at **855.407.7575** or RehabReferral@hopenetwork.org.
